Old Business:

Lee sold the big trailer for \$1,000.

We will fix up the little trailer and put solar panels on it, before the fist contest. It needs a new hub.

Need new batteries also for the little trailer. We will keep the winches from the sold trailer for spares.

They're not worth anything on the current market.

New Business:

February 19 (Friday) at 7:00 at Round Table. Madison reserved the room.

We will spend \$700 (limit) on raffle. Marston and Adam will work on it.

Discussion about the new FAA rules that require all pilots to register on their website, and the 400 ft. altitude limit (which effectively shuts down TD sailplane flying. The FAA is regulating the airspace not the aircraft (they can't regulate the aircraft). Bottom line, it's all a crock of shit.

We will continue to fly, business as usual, and fly responsibly.
