**New Business:**

Adam mentioned that there is a bill in the Nevada legislature that wants to further regulate unmanned aerial vehicles ( which rc planes and gliders qualify) He sent a link to the S3 list in hopes of getting people to comment on the bill.

Adam mentioned that at the last contest, the batteries were quite weak even though they were charged just prior to the contest. These batteries are at least 5 years old and may need to be replaced. A motion was made and approved for Adam to replace the batteries if needed. It was also approved for Adam to replace the incredibly heavy lid on the trailer to make it more user friendly.

Meeting closed at 8:30 pm. Minutes submitted by Adam Kremers
